FROM DOUGLAS.

J. A. Zander has returned from a brief business trip to the Smelter City.

LEAVES FOR NEW JERSEY.

Herbert Schimmerhorn left yesterday for his home in Summit, New Jersey, after passing several days in the Warren District, while enroute east from the expositions.

RETURN PARTY.

The Men's Club of the Phelps Dodge store will tender a return dance to the ladies, Tuesday evening, at the clubhouse.

MACCABEES SOCIAL.

The Ladies of the Maccabees will hold a social following their regular meeting, Monday. A cordial invitation is extended to all members and their friends.

MARRIES FRIDAY.

Louis Voelckel, a well known resident of Bisbee, was united in marriage on Friday afternoon by Judge George R. Smith, to Miss Dolph Taylor, also of Bisbee. It is understood the young couple will reside in Bisbee.

PLEASED WITH BISBEE.

The Misses Elizabeth and Pearl Parker of Suffolk, Virginia, have arrived for a several months' sojourn in Bisbee, residing at the Baptist parsonage on School Hill. The young ladies are delighted with the remarkable climatic conditions, as well as pleasantly impressed with the superb mountain scenery.

LEAVES ON VACATION.

Miss Bessie Phillips, one of the attaches of the Phelps-Dodge Mercantile Company's office force, left last evening on her vacation. She goes direct to Grand Canyon where she will spend several days sightseeing. She will then go to her home in Western New Mexico and return to Bisbee about the first of the coming month.

REOPENS LOAN OFFICE.

Sam Rosensteln, for twelve years a resident and business man of Bisbee, has decided to reopen his loan department. Uncle Sam, as he is more generally known in the District, has been noted for his fair dealing and liberalities. Uncle Sam's many friends in the city will be pleased to see that he has decided to reopen the department of his business.

ON HIS VACATION.

Elbert Veale, the popular and efficient leader of the Copper Queen band, is now visiting on the Pacific Coast. He will spend a month on the Coast, returning to Bisbee in the month of August. While he is away the solo clarinet player of the Copper Queen band, Norman Rowe, is leading the organization.

ROAD WORK IN PROGRESS.

Work on the Naco Road paving is nearing its final lap and the engineers in charge of the work expect to have it completed within the next few days. The work now being done is at the beginning of the slag dump hill and some trouble is being had with traffic. With the placing of a flagman, however, much of this has been eliminated.

TOO BAD.

A story is being told around police headquarters that a certain well known and well liked member of the Bisbee force "fell" for a decoy letter and was caught in the act. The reporter failed to "nose" out the exact contents of the letter but he heard enough to appreciate that his hide would be worth very little should he print even the officer's name.

SOME FEED ON FIDO.

On the strength of finding his dog, several days ago, John Hart, the enterprising proprietor of the Busy Bee Cafe, tendered a several course dinner to the members of the official family of Bisbee and to several others. All of the participants agreed that they had some feed and some time.

PRESS BURNAM UP.

Press Burnam, special officer for the El Paso & Southwestern at Douglas, is a visitor in Bisbee from his post on the border. Press declares that, though he likes Douglas as well as he might, it is occasionally necessary to come into the hills for a breath of fresh air. Not so bad for Press, eh?

BY AUTO TO COAST.

Accompanied by his father and wife, Ben Jackson left last evening for Los Angeles. Mrs. B. G. Jackson made the journey by train, not liking the idea of attempting the trip overland. While away the Naco Hotel, which has been under the management of Mrs. Ben Jackson, will be handled by Mrs. Cartlet.

VISTA PARK CONCERT.

William H. Martin, director of the C. & A. band, announced the following program for tonight's concert at Vista Park: March, "Punjab," Payne; Overture, "Sunshine and Showers," P. Flath; Idyls, "The Glow Worm," P. Linke; Selection, "Gems of Stephen Foster," Tobani; Valse, "The Call of Love," Harper; Spanish Serenade, "La Paloma," Yradier; March, "Anthe," P. Flath; Finale, "The Star Spangled Banner."

TO COURTLAND.

Dr. O. B. Patton, county health officer, accompanied by J. H. Hodges, his deputy, journeyed to Courtland and Gleason Friday afternoon in response to an urgent wish that the house of George Cummings, who suicided there several days ago, be fumigated. The neighbors feared the possible cancer germ from which Cummings suffered. The health officer and his deputy returned to Lowell last night.

COL. SAM H. KYLE, OKLAHOMA ATTORNEY, OPENS OFFICE HERE

Served on Staff of Governor Williams; City Solicitor of Durant for Many Years; 19 Years Before Bar.

The legal ranks of the Warren District have been augmented by the arrival in Bisbee of one of the leading attorneys of Oklahoma, Col. Sam H. Kyle of Durant, who comes accompanied by his wife, to make their permanent home here. Col. Kyle has taken offices in the Maize building.

Coming originally from Crockett, Texas, Col. Kyle later went to Oklahoma, to a portion then included in the old Indian Territory. He practiced law with remarkable success for 14 years, in Oklahoma, his total record before the bar covering a period of 19 years. His high standing and recognition as an able lawyer are attested by the fact that he was, for some time, a member of the staff of Gov. Williams of Oklahoma. He served, for many years, as city attorney of Durant. Although enjoying an exceptionally large and lucrative practice in Oklahoma, Col. Kyle was obliged to leave on account of the impaired health of his wife. The superb climate of Bisbee, supplemented by the exceedingly prosperous industrial and financial conditions, induced him to locate in the Warren District. Col. Kyle expresses himself as delighted at the prospect here and more than pleased with the people and environs of the Warren District.

DROUTH THREATENS TO BREAK AT LAST

Clouds and Cooler Weather Promise Close of Long Dry Period.

Although for several hours yesterday it seemed certain that the long drouth was actually to be broken by a heavy down-pour, the heat that the elements designed to offer in the line of a shower was a few intermittent drops, which might almost come under the category of a sunburst. However, the clouds "beiled up," all the afternoon, in a manner which assured the most pessimistic that the end of the dry spell was close at hand.

A study of yesterday's temperature is especially interesting. Maximum of 93 was the same as on the preceding day but the minimum of 72 was five degrees lower than on Friday. Towards evening the weather rapidly grew cooler and last night was the coldest in a long time.

A Rare Opportunity Comes But Once in a Lifetime

Investigate!

SALT LAKE CITY

IS FAST GROWING INTO A GREAT METROPOLIS

Millions Being Spent in Industrial, Commercial and Mining Projects

The Greatest Investment Opportunities exist in Salt Lake today of any city in the west—Property CLOSE IN; 100 Per Cent Cheaper than any other city in the country.
